This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. **SHAKESPEARE** (WILLIAM) [*Rape of Lucrece.*] Lucrece. ED. PR. *R. Field, for I. Harrison, London*, 1594. 4to. C. 21. c. 45.

Without pagination. Forty-seven leaves. On the recto of A2 is the Dedication to the Earl of Southampton; and on verso of the same is the Argument. Some changes were made in this poem by the author, or at his instance, while the sheets were going through the press. As for example, in some copies the following couplet occurs:

"And every one to rest himself betakes,
Save thieves, and cares, and troubled minds that wakes."

Corrected in this copy thus:

"And everie one to rest themselves betake,
Save theeves, and cares, and troubled minds that wake."

— Another copy. G. 11178.

In this copy the corrections mentioned above have not been made.

Mutilated.

**VIRTUES.** [The seven theological Virtues, Faith, Hope, Charity, Temperance, Justice, Prudence, and Force, eulogized each in a verse of eight lines. By J. Lydgate.?] ℬ. ℒ. [*London?* 1500?] *s. sh.* fol. Tab. XI. b. (1.)

Printed from a block, with black ink, on one side of the page. The Virtues are divided from one another by a border of two horizontal lines, enclosing on the left the name of the virtue described below, and on the right a figure indicating the arrangement of the virtues, thus: I, II, III, IIII, IIIII, /I, /II. These figures are rendered necessary by the fact that the virtues are not arranged in their proper order, but

thus: Fayth, Charite, Attemperance, Justice, Force, Hope, Prudence. The first four lines of each verse form the left column, and the last four the right. The letters are very large, and the paper is evidently intended to be hung up and to be legible at a distance. This copy is mutilated, having lost one and a half lines from the top and the same from the bottom, and several letters down the whole left margin.
